1st: CUTHILL Caldewriver Kong Quest

A very promising six month old l/w baby with correct head shape and good pigmentation. Has good neck length and well laid shoulders, neat front assembly. Firm over back and has adequate rear angulation, should develop a correct coat. Full of confidence, a bouncy happy puppy which was good to see at this age.

1st: CAMPBELL Drahtjager Aquamarine Vom Fenghar

A well grown youngster, just at that gangly stage and needs to settle into himself. A boisterous young man who is well off for bone and substance. Masculine and well balanced head with enough stop and correct earset. Adequate rear angulation with docked tail well set. His harsh jacket is developing well and he moved out confidently keeping his topline and with good drive. Pleased to award him BPIB.

1st: GLOUDEMANN & SAINT Reajeager Stieg

A raw l/w youngster of good size. Correct head proportions with good eye shape and moderate stop, needs furnishings to develop. Well sloped shoulders, straight forelegs with elbows tight in, needs to develop further in chest. He has strong muscular hindquarters with good width to thigh. Covered the ring well on a good stride and very well handled to get the best out of him.

Attractive masculine head of correct proportions dark eyes with alert expression. Strong neck leading into well laid shoulders, straight forelegs with good bone. He has good depth to chest and is built on a solid frame and firmly made throughout. He has enough rear angulation with strong hocks, tending to carry his tail high. Shown in a harsh tight jacket, nowhere near the finished dog and has lots of time to develop. Moved soundly covering the ground well on the go around.

An impressive dog that presents a well balanced and clean outline when stacked. Very pleasing in head with good eye colour. He has a strong neck of good length, well developed in chest with a solid topline and correct tailset. He is in excellent muscular shape with powerful hind quarters and good sweep to stifle. Correct harsh coat with undercoat. Moved well with driving rear action, considered him for Res CC.

1st: JOHNSTON Glenquin The General

This was as strong class of mature males. My first was a powerful well balanced B/w. His head has correct proportions, good width to skull and correct earset, loved his expression and dark eye. Strong through neck, correct front assembly and firm topline. Robust and well developed hindquarters with good thigh width and strong hocks. He won this quality class with his smooth driving action a joy to watch him at one with his handler. Shown in tip top muscular condition and in superb harsh coat. Please to award him the CC and BOB and stayed to see him take Group 3, congratulations.

2nd: TURNBULL Sh Ch Glenquin The Colonel At Elagram JW

Litter brother to my winner, he is well up for size but retains his balance throughout when stacked. Masculine throughout he has a well balanced head, correct earset and strong neck leading to well sloped muscular shoulders and good depth to body. Excellent well developed hindquarters strong over hips and stood on strong hocks. He has a tight harsh coat with a dense undercoat. A high spirited dog and therefore not as collected as my winner on the move yet I found him very worthy of the Res CC.

1st: CUTHILL Caldewriver Monkey Bizz

Another very promising l/w puppy loved her head and expression, kind eye. Sound in front with elbows tight, when stacked has decent balance and clean outline. Good width to thigh and stifles well angulated, her coat is developing well. She just needs to settle down as hard to assess her on the move. BPB.

Super headed bitch head, intelligent and alert expression with kind eye and correct earset She has good neck length and shoulders well laid, well sprung ribs, very firm in body with strong loin and good width across hips and thighs. I found her somewhat on the tall side. Moved out on a good stride.

1st: PINKERTON Bareve Beyonce

A soundly made bitch from all angles, she is of a medium size and well balanced throughout with no exaggerations. Correct head proportions, adequate stop, appealing expression with good eye colour. Strong neck leading into excellent front assembly with good return of upperarm which gave her lovely free movement. Moderate tuck up, strong hindquarters with good width to thighs. At just under three years, she still has some maturing to do to finish the picture. Moves at a good pace driving well off strong hocks, well deserved CC winner.

2nd: JOHNSTON Sh Ch Glenquin Athena

A very well constructed bitch who presents a clean outline and is well off for bone and substance. She is most attractive in head with kind eye of good colour and well furnished. Excellent forehand, good depth to chest with tight elbows. Firm topline and strong over loin, somewhat over angulated in stifle when stacked. She is one I have done well for in the past and now a veteran she is in super fit condition and shown in excellent coat. She covered the ground efficiently at one with her handler. My Res CC winner.

1st: DONNELLY Ir Sh Ch Kimmax Who Kares Wins JW

One I have judged before as a younger version and how well she is looking at just rising eight years. Attractive head of correct proportions with good eye colour. She is so well constructed throughout with plenty of depth, well-muscled behind with strong hocks and correct angulation. One of the best movers today with a strong rear action, thoroughly enjoys the ring. Best Veteran.
